AUTOMATED INVENTORY REPLENISHMENT SOLUTIONS

Reduce your costs with LAPP Tannehill's Quick Pick program, our own vendor managed inventory (VMI) program. With complete solutions from the scanner to delivery, you can reduce your inventory costs, improve order accuracy, reduce administrative costs, and more.

IMPROVING EFFICIENCY ON THE PRODUCTION FLOOR

Employees always have multiple tasks and limited time. With our Quick Pick solution, they have the tool to get the job done right. It makes doing business easier than ever with a device that turns paperwork and repeat purchases into increased productivity every day.

Simply scan your products, view your order, cradle the scanner, and sync. Your products will be ordered and shipped right away. Our advanced scanning technology allows rapid-fire capture of items scanned, so you always get what you ordered, every time.
